If this is agreed to, the amt may be credited as a separate fund for the library along with Govt grants & operated on without rules of lapse &c at the years end. Please ask the H Dept. whether there is any technical objn to this course.

14 So long as the Library is a Govt Institution it must like other Govt Institutions count upon the provision in the Budget for its annual Expr and not expect to be allowed to make use of departmental receipts for departmental Expr which is against the first principle of the Account Code.

15 In making the provision in the Budget, Govt may take into account the fees which the Institution is getting from the public which should however be shown as an item on the revenue side and not regarded as available for Expr by the Committee. So long as Govt make ample Budget provision, and the Committee get the funds required, the withholding of the fees for the expr of the Institution need not prejudice its development

16 It has been already stated that the donations from the public must be kept as a distinct fund

21	I don't agree. The grants made by Govt in the budget are more like grants in aid and are not supposed to be reduced by the amounts collected from subscribers. If this is done it is likely that the number of subscribers will go down, as the Govt grant of 1500 Rs will not be sufficient to obtain a decent number of books &c. The grants are at present sanctioned for

30 (1) Two public libraries, one at Bangalore and one at Mysore were sanctioned in G.O.No.775-825/Edn.305-10-22, dated 20-7-1914; and non-recurring grants of Rs.20,000 and Rs.15,000 and recurring expenditures of Rs.3,636 and Rs.3,216 were sanctioned respectively for the two libraries.

(2.) The amount provided in the budget of 1914-15 for this purpose was Rs.59,000. For the current year the provision included in the budget is Rs.22,152.

(3.) The Secretary to the Education Committee requests permission to deposit the subscriptions collected in the Mysore Bank in the name of the Library and to utilise the amount for expenditure of the Library in addition to the Government grant.

(4.) The Financial Department has stated that the subscriptions should be regarded as receipts of the Libraries and not allowed to be utilised for expenditure, donations made by the public being treated as a distinct fund.

(5.) The First Member thinks that the subscriptions should also be allowed to be utilised in addition to the Government grants for the purchase of books for the Libraries and that after they have a good supply of the books the ~~portion~~ position may be reconsidered.

(6.) The Municipality of Bangalore has also agreed to contribute Rs.100 a month towards the expenditure of the Bangalore Library but it has been suggested that

this amount may be utilised in forming Branch Libraries.

(7) The question for orders is whether the receipts for the year should be allowed to be used for the expenditure in the manner proposed or whether the expenditure should be limited to the provision made in the budget for the purpose, the provision for the year being enhanced if necessary in consideration of the estimated receipts. When this question is settled there can be no difficulty as ordered by the Dewan to have a separate Budget prepared for each Library, taking into account the Government grants as well as receipts from subscriptions and fees.

On the other hand, the disposal of the money in hand is the important question. The Secy Govt says it cannot be kept in the Treasury. The Secy is not in favour of keeping it in the Bank.
